EXPERIENCE

- **Full Stack Web Development|GrowPro Rise Pvt. Ltd, Pune**
  Aug2025 - Present
  Working on full stack projects using the MERN Stack (MongoDB, Express.js, React.js, Node.js). Focused on implementing authentication, integrating APIs, managing databases, and automating workflows.

- **MERN Stack Developer Intern | Ceeras IT Services**
  Feb 2025 – June 2025
  Worked on building secure REST APIs and integrating them into the dashboard. Developed responsive UI components using React.js and ensured seamless communication between admin and user modules.

ACADEMIC PROJECTS

- **Zerodha Stock Trading Platform [Live Demo]**
  - ➢ Built a full-stack stock trading simulation platform inspired by Zerodha.
  - ➢ Implemented secure session-based authentication and dynamic Buy/Sell dashboard.
  - ➢ Enabled real-time trading simulations using dual React frontend and backend.
  - ➢ **Tech Stack:** React, Node.js, Express, MongoDB, Bootstrap, express-session

- **Full Stack Food Delivery Application [Live Demo]**
  - ➢ Developed an end-to-end food delivery platform with a user-friendly menu interface.
  - ➢ Integrated filtering, ordering, delivery tracking, and secure Stripe payment system.
  - ➢ Included an admin dashboard for managing users, orders, and menu items.
  - ➢ **Tech Stack:** React, Node.js, Express, MongoDB, JWT, bcrypt, Stripe, CSS
